

## Deadly Sinners

### 3 Inches of Blood

Don't walk the cold and ruthless streets  
They drain the life from all they meet  
The servants crying underground  
Smelling mortal blood like hounds  
As you crawl the sewer pipes  
Deadly sinners set to strike  
As you walk around the bend  
You'll be dead right there where you stand

Flash of iron, leather, spikes, and swords  
Mighty warriors with metal on their side  
Enemies of metal, your death is our reward  
Triumphant victory when you bring the steel to life

Deadly sinners  
Victory when you bring the steel to life

Crushing the light, stalking the night  
Deadly sinners always win

Kill the tyrant's endless conquest  
With no mercy, straight for his heart  
Bloodlust will overtake anger and violence  
Without warning, lightning strikes in the dark  
Lightning strikes

Flash of iron, leather, spikes and swords  
Those mighty warriors with metal on their side  
Enemies of metal, your death is our reward  
Triumphant victory when you bring the steel to life

Deadly sinners  
Victory when you bring the steel to life

Ruling the night, winning the fight  
Taking it all right to the end  
Winning the night, ruling the fight  
Take one last step before you die  
Ruling the night, winning the fight  
Taking it to the end
