Metal Woman

3 Inches of Blood

All eyes will turn to her when she has arrived
Se makes her presence felt each and every time
Her spikes will slash your skin
Your mind is full of sin
She bears a fierceness that you'll underestimate
Don't disrespect her or you she'll devastate
Her essence takes its toll
You're losing all control

She is a Metal Woman Metal Woman

Decked out in studded leather, with looks that kill The way she moves to metal gives us all a thrill Her wiles on overload We're ready to explode

She is a Metal Woman
Metal Woman
Metal Woman
Demon in the sack
Metal Woman
Ready to attack

Are you ready?
Bullet belt seduction
Lures you to the chase
Throws her chains around you
Pulls in for a taste
Black Widow wanting
Shows a glimpse of lace
Lust will betray you
She'll smash your face

Do not betray a Metal Woman You'll be the prey of a Metal Woman Don't turn your back on a Metal Woman She stalks the night the Metal Woman Do not cry out for a Metal Woman The cold steel eyes of a Metal Woman
