

## Rock In Hell

### 3 Inches of Blood

Across the seas they come  
Great bard trek from far and wide  
A gathering of thunder  
To be remembered for all time  
Many nations represent  
On an ancient windy coast  
Many days we'll celebrate  
But blood will spill  
Reckless fury when under the influence  
Wreaking havoc on everything in sight  
Don't let it bring you down  
Rock in Hell  
Sabotage will not prevail  
Weak constitutions overcome  
The disturbance will be dealt with  
Forcefully expelled with broken limbs  
When its legends you inflict  
Punishment is hard and swift  
Like your maker's hand  
Feeling the wrath that is deserved  
Reckless fury when under the influence  
Wreaking havoc on everything in sight  
With the anger and self-righteous ways  
Don't let it bring you down  
Rock in Hell  
Forever to rock in Hell  
Will you be there to rock in Hell  
Reckless fury when under the influence  
Wreaking havoc on everything in sight  
There is one who is breaking the oath  
Don't let it bring you down  
Rock in Hell
