

The Last Day

3

So this is how it ends, love
And brightness fills the air
The lights went down in April
And no one seemed to care
Relieve me of this burden of despair

The same mistakes I made, love
Will haunt me never more
They slew me where I lay, love
The pounded down my door
Now that I - I am no
Longer keeping score

So kill me now I'm helpless
And dark my have his day
The hour is late for lyrics
The words have blown away
Now that I have shed
The burden of decay

It's the last day
Of the world
All the stars fired up
To unfurl
I'm gonna meet you
In the space within
You and I
We'll race the light
And win

It's the last day
Of the world
