

# Where the Streets Have No Name

30 Seconds To Mars

I want to run, I want to hide  
I want to tear down the walls that hold me inside  
I want to reach out and touch the flame  
Where the streets have no name  
(streets have no name)

I want to feel sunlight on my face  
I see the dust cloud disappear without a trace  
I want to take shelter from the poison rain  
Where the streets have no name  
(streets have no name)  
ooh

Where the streets have no name  
Where the streets have no name  
We're still building, then burning down love  
(Burning down), burning down love  
And when I go there, I go there with you  
It's all I can do

The cities a flood and our love turns to rust  
We're beaten and blown by the wind, trampled in dust  
I'll show you a place high on a desert plain  
Where the streets have no name  
(streets have no name)  
ooh

Where the streets have no name  
Where the streets have no name  
We're still building, then burning down love  
Burning down love  
And when I go there, I go there with you  
It's all I can do

Where the streets have no name  
Where the streets have no name  
We're still building, then burning down love  
Burning down love  
And when I go there, I go there with you  
It's all I can do  
It's all I can do  
It's all I can do  
It's all I can do  
It's all I can do
