

It is a gift I know
A moment of bliss that we hold
A firecracker flash of light then on
To the next plane soul remain
Come along if you dare
It's gonna be that you're scared
Lovely life I thank you
For the reason to see the pain through

Light a candle for the dead
The wick is burning returning what we have
It's who we are
We'll reach you if you're beyond the furthest star

Don't give up the fight to stay alive and even if
you have to
Find the reason of another's pain if they lose you
If not for your self then those around who care
like I do
One day you'll see the clear blue

Beyond the Gray Sky
Light a candle...
The wick...
It's who we are...

One day you'll see the clear blue
Beyond the Gray Sky

I can't believe you didn't call
What made you want to end it all
Wasn't there something I should have tried
To help you see beyond the gray sky
