

When I shadow box inside my skull  
Bothered by the senselessness  
I wish for the messiah  
Indian woman, Babylon

There is one thing I will say on life  
We are livin' yeah  
Let it flow  
Cuz it won't stop

And when the kind consiousness yes come unto you  
You will know and it won't stop

When I wipe the sleep from my eyes  
Will my fondest dream please come true  
Crush my heart with a hammer  
Make a purer one Babylon

There is one thing I will say on life  
We are livin' yeah  
Let it flow  
Cuz it won't stop

And when the kind consiousness yes come unto you  
You will know and it won't stop

But mean people I say choke on it  
Gagging all the way  
May you remember the texture for days  
But you'll get used to  
The feeling of your pride  
Of your pride (2x)  
Chugalug it (2x)  
Time after time (3x)  
Learning your lesson (2x)  
Will do you fine  
Do you fine (2x)
