

## Leaving Babylon

311

Will I say?  
leaving this Babylon

Say I'm leaving this Babylon  
leaving this Babylon  
will not be to long  
will not be to long  
say my people are starving  
but your money's running

I said my people are starving  
but your money's running

I say your dollar, dollar cut down real low  
you ain't got nothin' to show  
gonna' step right through the door  
not gonna' come back no more  
cuz a polition lied  
my mama just did cry  
and nothing ever gonna' change  
my father just desides  
her sisters just a line  
and I ain't got nothing to claim  
oh...

Will I say?  
will I say  
that, did it go away?  
now did you leave today?  
yeah...yeah...
