

Leaving Babylon

311

Will I say?
leaving this Babylon

Say I'm leaving this Babylon
leaving this Babylon
will not be to long
will not be to long
say my people are starving
but your money's running

I said my people are starving
but your money's running

I say your dollar, dollar cut down real low
you ain't got nothin' to show
gonna' step right through the door
not gonna' come back no more
cuz a polition lied
my mama just did cry
and nothing ever gonna' change
my father just desides
her sisters just a line
and I ain't got nothing to claim
oh...

Will I say?
will I say
that, did it go away?
now did you leave today?
yeah...yeah...
