

## Week of Saturdays

311

Never knew  
I had it so good  
I'm ablaze  
In a week of Saturdays  
Cuz nobody can come between  
This moment here and me  
Suddenly in harmony  
With everything I see  
I'm ablaze  
In a week of Saturdays  
Never knew  
I had it so good

I'm on fire  
Much like a low desire  
I see the music in you  
You keep it pullin' you  
Slipping it off  
Taking it off  
Making it bump till the juice is gone  
I'm a traveling man  
Do as I can  
Doing it like when we first began  
Said doing it like when we first began  
On Saturday

Never knew  
I had it so good  
I'm ablaze  
In a week of Saturdays  
Reminisce about the time  
I would be fine if I could get a little  
So much from the run around  
Happy I was in the middle  
Love the land couldn't stand  
Stacked up on each other  
Everyone on top of one another  
I'm ablaze  
In a week of Saturdays  
Never knew  
I had it so good

I'm on fire  
Much like a low desire  
I see the music in you  
You keep it pullin' you  
Slipping it off  
Taking it off  
Making it bump till the juice is gone  
I'm a traveling man  
Do as I can  
Doing it like when we first began  
Said doing it like when we first began  
On Saturday

Aw I never knew what I fell into  
Some don't agree sincerity

Too bad for them but they won't get me  
Reminisce about the time  
I would be fine if I could get a little  
So much from the run around  
Happy I was in the middle  
I would miss a time like this  
It's a week of Saturday  
Saturday
