

## Man Become Me

31Knots

Someone say surrender so I sulk.  
Someone say sequester so I sink  
Into little cubes that chill my drink.  
'Cause I've been eyeing you ever since...  
Adam saw the garden and jumped the fence.

But little did he know he'd lose a rib.  
But staring at you now I'm glad he did.  
'Cause it's been on my mind,  
Forever it will stay throughout all time.

How did me become man,  
Become men and then  
Become man again,  
Become me?

How did me become man,  
Become men and then  
Become man again,  
Become me?

Four score and oratorical hyperbole.  
Mouths move to fistfights to wage wars.  
to loose lips  
backstabbed, two-faced turncoats.  
And then you clench-fist, beat chest.  
Clench-fist, beat chest.

How did me become man,  
Become men and then  
Become man again,  
Become me?

How did me become man,  
Become men and then  
Become man again,  
Become me?

Oh!

Become me  
Become me  
Become me
