

Soon I will be falling down
The way I always
And I remember falling
And I remember crawling...

Still I'm falling...

Have you come down
From all the peeling?
'Cause I remember holy
And only God can save me

Still I'm falling...

This is the last time I'll speak of holding you

Take this from me and take it before it dies
'Cause this is the last time I'll speak of...holding you

Still I'm falling...

This is the last time I'll speak of holding you

And you get up and you fall down
You get up and you fall down
You get up and you fall away

You get up and you fall down
You get up and you fall down
You get up and you...you get up and you...fall
