

## Eyes of Lies

36 Crazyfists

I love you  
I hate you  
The one that kills me  
And without it  
All bets off  
Can't erase it, leave

Eyes of lies  
Eyes of lies

Together  
It's on  
The one that held you  
And we call  
Your downfall  
The one that separates

And nevermind  
The state of mind  
The one that makes me survive  
Those are my...  
Head of mine

These are eyes of lies  
And drown in what

Huh!

New box sells  
How breaking  
Fuck king me, to you  
It's only my insult  
The one that keeps me safe

And nevermind  
The state of mind  
The one that makes me safer  
Those are my...  
Head of mine

These are eyes of lies  
And drown in what

Eyes of lies  
Eyes of lies  
Eyes of lies  
Eyes of lies

And nevermind  
The state of mind  
The one that makes me safer  
Those are my...  
Head of mine

And these are eyes of lies

And nevermind

The state of mind  
The one that makes me safer  
Those are my...  
Head of mine

These are eyes of lies  
And drown in what
