

Been a while
Let me go
Never gonna stop till I get a fucking crown or I'm set in stone
Haters better watch me
Let 'em know
Better believe, he comes straight from the temple; Eddie Jones

Yeah, sleeping on a fat yak
Unclean, yo I'm chillin' where the rats at
No shit dick, bigger than you've ever had
So damn big, you can't fit it in a back pack
Tried to post it on twitter though
Couldn't fit it in a hashtag
So I put it in a video
Better believe you couldn't fit it into snapchat
Put me first
Never coming second no
I know that it's a long road
But I got a plane, any minute I'll be headed home
What happens now?
Homie you will never know
Gonna receive it like a bad jester, so you gonna get beheaded t
hough

Been a while
Let me go
Never gonna stop till I get a fucking crown or a setting stone
Haters better watch me
Let 'em know
Better believe, it comes straight from the temple; Eddie Jones

Rolling 'round in my city
Eddie Jones, Eddie Jones

Fuck it, I barely have used my incredible bath
Fuck it, whenever I want I can get in my spa
Fuck it, the bitches all drop when my engine'll start
Glen Rice my sex drive
Spend every night getting head in a car
Fuck it, tall; lanky like Shawn Bradley, they fallen short
Fuck it, they can't start me I'm Dan Marjerle from quarter cour
t
Fuck it, a buffalo but I dunk so sick
Leave me the fuck alone,
