

Yeah
Uh, yeah

All these jealous motherfuckers are old now
Saying 'Don't rap' and go back to my old sound (on the old shit mate)
And people saying I've sold out
Yeah man I have when I'm performing to a whole town (Woooooo)
Yo, it ain't true, you working 9 to 5
But you fucking hate for the money
What does that make you?
The difference is that I'm in love with this shit
And I'm doing me - Fuck what you think! (Damn 60!)
Ayo I aim high, never low
They try, getting close
If they ain't getting with what I say - urgh, let 'em go
Wait, hide, then explode
You see me take flight at insane height
You want it? Then come and get a dose!
I hear 'em talk, but honestly all that realness bores me
I'll went my own path, I knew I'll kill it surely
Those who used to hold this crown in this field before me
Are the same motherfuckers who now kneel before me

Here's a toast to living in the life I chose
Heavens knows, it's the one that chose me
Nothing comes free when you're hungry
Staring down 2 roads tryna get the money
Here's a toast to living in the life I dream x4

UH, my brain is kinda fried, give me a sec
It's been about 5 weeks since I've been in my bed
I work. I can't recall the last minute I slept
I ain't running from 5 0 but I'm resisting arrest
I can't sleep until I'm the best
I will when I'm dead - I took that in a literal sense
And while the rest of you just sit on the fence
I'm starting point guard. Go and give a kiss to the bench
Ayo in Hip-Hop ya give props
The second that you let them see your shits pops, they're pissed off
Keep it real and piss off
Thought of every goal I wanted; wrote a list of
All my biggest dreams, now every one of them's ticked off
Ayo I can't look at life on the bright side
The only hours I leave home is at night time
I'm a MC, no care, stress free
Needed no one to accept me, except me

Here's a toast to living in the life I chose
Heavens knows, it's the one that chose me
Nothing comes free when you're hungry
Staring down 2 roads tryna get the money
Here's a toast to living in the life I dream x4

Carry on
Carry on in your world
'Cos I'm on
'Cos I'm on to my dreams

Cheers, cheers, cheers, cheers
Here's to my dreams
Dream, dream, dream, dream
Here's to my dreams

Carry on
Carry on in your world
'Cos I'm one
'Cos I'm one of my dreams

And I'm never gonna wake up
From my dream
