

## Haley's Got a Harley

.38 Special

Well she don't need nothin from that man no more  
No she took it all with her when she walked out the door  
I say 1-800-PARTY, that's the number to call  
Now Haley's got a Harley and she's leaving it all

Now she's headed out to Sturgis got it all wrapped up in leather  
Got her Softail shined up, don't worry about the weather  
Yeah she used to be the quiet type, the shyest of all  
But now Haley's got a Harley, feelin' ten feet tall

Look at her now, look at her go  
Out from the shadows, into the show  
Ridin it hard, ridin it low  
Flyin her colors, she's ready to roll

Just like the tattoo of an eagle on her shoulder  
Yeah, her spirit's wild and free and the party's never over  
Well, she's ridin' on the wind just a' wavin at em all  
Cause now Haley's got a Harley and she's having a ball

Free as a Bird, watch her in flight  
Across South Dakota, into the night  
Ridin to live, livin to ride  
She calls it heaven, ridin' for life
