

I've been walkin' all night, thinkin' of you  
The other lovers and all we've been through  
We're just too much alike  
But we're two worlds apart  
I've try to hide it but you've still got my heart  
And I can't dream without you  
Baby can't we give it just one more try

I wanna see me in your eyes tonight  
I wanna talk it over and hear you tell me it's alright  
Share reflections through the early morning light  
Girl, I wanna see me in your eyes tonight

Well I saw you today with some other man  
It's tough pretending, it's all I can stand  
Pictures of you with somebody else  
It keeps me wonderin' when I'm by myself  
And I can't dream without you  
Baby can't we give it just one more try, oh

It's not like it's the first time  
It might not be the last  
You told me once that it's all over  
Still I keep on running back

It's not like it's the first time  
It might not be the last  
You told me once that it's all over  
Still I keep on running back

I wanna see me in your eyes tonight  
I wanna talk it over and hear you tell me it's alright  
Share reflections through the early morning light, oh  
I wanna see me in your eyes tonight  
I wanna hold you closer and tell you everything's alright  
Share reflections through the early morning light  
Girl, I wanna see me in your eyes tonight  
In your eyes tonight, whoa
