

## Somebody Like You

.38 Special

Shoulda kept my distance  
Shoulda known what I be riskin  
But nothin short of holding you would ever do  
Darlin  
If we could be together  
I would wait for you forever  
But how'm I gonna win  
If you never lose  
I could feel the pressure  
I could see you were something special  
I couldn't walk away from you if I'd tried  
Darlin  
I wanna be near you  
If only you'd feel like I do  
I must 've had it wrong, I should a known  
Somebody like you could break my heart  
Somebody like you could tear my world apart  
Oh yeah  
Somebody like you could keep me in the dark  
Somebody like you could break my heart  
Yea yeah  
I knew that I was fallin  
I could hear your heart beat callin  
I was hopin you'd be mine before the night was thru  
Darlin  
I could keep on loving you  
If there's a chance to somehow break thru  
I must 've had it wrong  
I should a known  
Somebody like you could break my heart  
Somebody like you baby  
Somebody like you I'm tellin ya  
Somebody like you could break my heart  
Yea yea yea  
Guess I new right from the start  
That you were a pretender  
But it was you who held my heart  
I got love I wanna send you  
Yeah, are you ready to surrender  
Oh yeah  
Somebody like you could break my heart  
Somebody like you could tear my world apart  
Oh yeah  
Somebody like you could keep my in the dark  
Somebody like you baby  
Somebody like you I'm tellin ya  
Somebody like you could break my heart
