

## Could've Been You

3LW

Don't even try to step to me now  
When i was feel'n you, you gave me thumbs down  
You had your other woman  
You said that i was tripp'n  
But now you see me with them  
And now you see who's tripp'n - What  
You know what i'm talkin' about so  
Stick your tongue back in your mouth and go  
You can't come back in my house  
And no, don't try to step to me when you see me out

It could've been you  
The one that i was givin' my love to  
Back then you knew i was into you  
And now you can't believe that i'm over you  
Goodbye to you

It could've been you  
The one that i was givin' my love to  
Back then you knew i was into you  
And now you can't believe that i'm over you  
Goodbye to you  
It could of been you

So how are your boys now  
When it was me and you that was all you was about  
When i needed you, you had things to do  
But that Ishh is cool, cause the jokes on you now  
There's nothing you could say to me so go  
You thought that you could play wit me, oh no  
Somebody is just checkin for me and so  
You ain't nothing but some suckers to me

It could've been you  
The one that i was givin' my love to  
Back then you knew i was into you  
And now you can't believe that i'm over you  
Goodbye to you

It could've been you  
The one that i was givin' my love to  
Back then you knew i was into you  
And now you can't believe that i'm over you  
Goodbye to you

It could've been you  
The one that i was givin' my love to  
Back then you knew i was into you  
And now you can't believe that i'm over you  
Goodbye to you

It could of been you  
The one that i was givin' my love to  
Back then you knew i was into you  
And now you can't believe that i'm over you  
Goodbye to you  
It could of been you
