

Give Me Something to Remember

3OH!3

We burn quick on the edge of a match
We live fast cause there's nothing that lasts forever
So drive off and don't ever look back
But give me something, something to remember

We are the small stacks reaching for the sky
Yeah yeah, we light a cigarette and watch the stars die
If only I could stay awake
I'd watch you drive away for good
You don't know the words to say, to say

We burn quick on the edge of a match
We live fast cause there's nothing that lasts forever
So drive off and don't ever look back
Give me something, something to remember
We kill the night like a firework sky
We go hard cause we know it's now or never
So break free and go chasing that high
But give me something, something to remember
