

## Two Girlfriends

3OH!3

I used to have two girlfriends  
Now I got none  
'Cause my number two girl  
Found out about one  
Two girlfriends  
Now I got none  
'Cause my number two girl  
Found out about

Yeah, yeah, I'm back again  
Throw a hashtag in front of the trend  
Huffing and Puffing so let me in  
I just need a little bit of medicine  
Oh no, strap on my sneakers  
You don't need to play  
Watch from the bleachers  
Ice so shiny, it gives you seizures  
Clutch that ball, I will beat cha'  
I'm sorry, I gotta do this here  
But you hang with dicks  
Like a pubic hair  
With an icy stare  
Got it worse than my deuce  
Got me rock hard  
Shootin' off 'zooka  
Yeah, yeah, I said it to  
This is like no edit; undo  
What the fuck did I get myself into?  
(Wish I knew)

I used to have two girlfriends  
Now I got none  
'Cause my number two girl  
Found out about one  
Two girlfriends  
Now I got none  
'Cause my number two girl  
Found out about

It ain't over till' the fat lady sings  
And Adele ain't on this track  
Did I say that? Oh yeah, I must've  
Black and Yellow  
Bourbon Mustard  
Not even just a little bit flustered  
Write it all down on the way to the bus stop  
Looking at a girl with a Skrillex haircut  
Thinking to myself "Oh my god, it's America!"  
Haha, this is blasphemy  
Get away with it  
Like Casey Anthony  
Mixed in chemicals  
This is alchemy  
Drunk as fuck  
Hold a kid off the balcony  
Zombie Killer  
Manilla envelope

Being dragged in the middle  
Girlfriend sitter  
I'm a high space shitter  
What?

I used to have two girlfriends  
Now I got none  
'Cause my number two girl  
Found out about one  
Two girlfriends  
Now I got none  
'Cause my number two girl  
Found out about

I said I'm back  
Lindsay Lohan  
Watch me ride this track  
No hands  
Cause' I've been on the bike  
Been around the block  
Like every other night  
Yeah, till' the sun burns out  
Zombie style  
Words out our mouth  
Dead  
And I'll leave em' squirming  
No protection  
Rick Santorum  
Haha, Damn near wrecked em'  
Every time that I rhyme on the kick drum  
You'll be, bleeding out your eardrum  
Like "Goddamn I couldn't even hear them  
Coming."  
Yeah, we hut the ground running  
Goddamn now ain't that something  
I used to have two girls  
Now I got nothing

I used to have two girlfriends  
Now I got none  
'Cause my number two girl  
Found out about one  
Two girlfriends  
Now I got none  
'Cause my number two girl  
Found out about  
I used to have two girlfriends  
Now I got none  
'Cause my number two girl  
Found out about one
