

# Herbalz In Your Mouth

3rd Bass

Don't drink the milk (why?) IT'S SPOILED!

Eyes slow to open, alarm clock's broken  
I'm steppin out the bed but ain't a booty line spoken  
Stick a 40 to my lips, I sips and I guzzle  
A 40-dog "Breakfast of Champs" it ain't a puzzle  
Grips on my feet and step out my rest  
I meet MC Dope Incredible and DJ Fresh  
They got a demo; fiendin for my headphones  
So I throw it my system but it's so-so  
I said, "The weebles wobble, but I dabble in verbals  
The movies that you're makin get the herbalz"  
This ain't a Prince Paul loop from The Turtles  
It's just 3rd Bass givin y'all the herbalz

Herbalz in your mouth (there it is, there it is)  
Everybody say herbalz in your mouth (There it is, there it is!)  
Everybody say herbalz in your mouth (There it is, there it is!)  
Hold up! Weebles wobble, but they don't fall down  
Herbalz in your mouth (say WHAT?)  
Everybody say herbalz in your mouth (there it is, there it is)  
From the North and to the South (there it is, there it is)  
Weebles wobble, but they don't fall down

Weebles wobble, but they don't fall down  
But them herbalz, they bobble and you see them all around  
Them 501 blues can't hide the red apple  
when I'm in a bodega, buyin some Snapple Orange Iced-Tea  
Skins are playin nicety behind me  
Scatterbrain no-name do you mind G?  
Spot the profile and slips in the Serch zone  
and wants a description of the bone -- hold up  
Wants a description of the bone?!  
Play AT&T and check the three on your telephone  
D-E-F, then I left to break South  
and left a herbal in her mouth

Herbalz in your mouth (there it is, there it is)
