

Blind My Eyes

3rd Strike

I can see that you cant see
the blind leads the blind
one voice one mind
guess you bought the facade
so give up you soul to the TV god now
no struggle no fight
when you're told what is wrong and told what is right
not a thought not a peep
cuz you have no say in the land of the sheep
cant think for yourself
lie down get beat
by the media's primary function
brainwash the masses death and destruction
burn my eyes till my sight is blurred
herd the flock where the flock cant be heard
land of the sheep home of the slave
one foot in the grave no we cant be saved

they blind my eyes gear of my mind
resist the system light up let it burn
they blind my eyes for fear of my mind
wont submit to my suicide

ignorance breeds ignorance
amidst all the pain
anger guilt and shame
violence seems the american dream
its playing 24-7 on the silver screen
targeted our children
product to sell
no rehabilitation
crime vacation
land of the sheep lost generation

you cant reject me
take away my pride
you say you hate me
how can you hate me
you helped create me
and now i stand
you nightmare has been given life
never die never die

and think for yourself
resist resist
and think for yourself
resist
dont surrender
you have got to think
