

## Blind My Eyes

3rd Strike

I can see that you cant see  
the blind leads the blind  
one voice one mind  
guess you bought the facade  
so give up you soul to the TV god now  
no struggle no fight  
when you're told what is wrong and told what is right  
not a thought not a peep  
cuz you have no say in the land of the sheep  
cant think for yourself  
lie down get beat  
by the media's primary function  
brainwash the masses death and destruction  
burn my eyes till my sight is blurred  
herd the flock where the flock cant be heard  
land of the sheep home of the slave  
one foot in the grave no we cant be saved

they blind my eyes gear of my mind  
resist the system light up let it burn  
they blind my eyes for fear of my mind  
wont submit to my suicide

ignorance breeds ignorance  
amidst all the pain  
anger guilt and shame  
violence seems the american dream  
its playing 24-7 on the silver screen  
targeted our children  
product to sell  
no rehabilitation  
crime vacation  
land of the sheep lost generation

you cant reject me  
take away my pride  
you say you hate me  
how can you hate me  
you helped create me  
and now i stand  
you nightmare has been given life  
never die never die

and think for yourself  
resist resist  
and think for yourself  
resist  
dont surrender  
you have got to think
