

# Thankful

3T

[Verse]

There's no doubt  
You're the one, the special girl in my dreams  
And hence down you're the best thing that has happened to me  
Just like a glove you are there to catch me when I'm falling  
You lift me up when I'm down  
I will always be there for you

[Chorus]

I want you to know that  
I'll always be thankful (I'm so thankful that I have you)  
With you by my side everyday I am grateful  
You give me your love, that's so true and so beautiful  
(So true, you're everything I could need)  
(Girl I want you to know that) I'll always be thankful for you

[Verse]

All my life, I waited patiently for you  
And now that you're finally here  
I can prove that dreams come true  
(Everytime I'm lost) you help me find the way  
(In my darkest hours) girl you're there to lighten up the days  
I believe if there's ever been a miracle it's here with me  
And now I want to say

[Chorus]

I want you to know that (I'll always be thankful for you girl) (ooh I'm so thankful)  
With you by my side everyday I am grateful  
(Thankful, grateful, thankful that I have you)  
You give me your love that's so true and beautiful  
(You give me everything I could need)  
(So now I want you to know that) I'll always be thankful (for you)

[Hook]

And in my times of need  
(You come and rescue me)  
You always seem to find a way  
Now I believe I can reach for the moon  
And I (owe it all to you)  
You show me the right when I am wrong  
(When I'm weak) yet you'd be strong yea  
And when there are problems, you know how to solve it  
(Even if no words can show) still I want you to know

[Chorus]

I want you to know that I'll always be thankful (girl I will always be, thankful!)  
With you by my side everyday I am so grateful (everyday I am so thankful, every single day!)  
You give me your love that's so true and beautiful  
(So true and so beautiful, so true and so beautiful)  
I want you to know that I'll always be thankful  
(I'm so thankful that I have you)

So now I want you to know (that I'll always be thankful)  
No matter what people say girl (I'll always be thankful)

So for now and always (I'll always be thankful) for you
