Words Without Meaning

You told me you loved me You told me you cared You told me you needed me But I guess those were words Without meaning

You said I could trust in you You said all was fine You said that you spoke the truth But I guess those were words Without meaning

You told me you loved me You told me you cared You said, boy please Don't worry about a thing

You said together we'd be For the rest of our lives You said that you hoped and dreamed But I guess those were words Without meaning

I thought that you loved me I thought that you cared You lied straight to my eyes And now I Realize your words have no meaning Can't believe You told me Words without meaning
