## **Drifting**

## **4 Non Blondes**

What a wonderful hesitation who would bear to feel sorry for me dropped another pill just to calm me collapsed to my knees and fell fast into sleep There I was drifting way out into the sunshine expecting to crash but I'm tied to a string Look at me I'm a tangled puppet I might be a mess but I sure can survive find myself awake counting sad days 1-2-3 that's too many for me dropped another pill just to find me reached for my hand but it was already there then I started believin' that I fell out of a tiny raindrop that lost it's way when it decided to roam chasing me was a hungry dweller but I had escaped it by pretending to die Come follow me you won't expect the illusion you'll see, it's my immagination hand me your eyes

I will put them in front of mine You'll see a little better

You'll see a little better

What a wonderful destination where I'm now I can no longer see dropped another pill just to kill me collapsed to my knees and fell fast into sleep there I was drifting way out into the sunshine expecting to crash but I'm tied to a string Look at me I'm a tangled puppet I might be a mess but I sure can survive But i had escaped it by pretending to die.
