

## Believe.

### 4 Strings

Waking up  
You're the one I used to know  
Where did it stop  
Still it feels like letting go  
I hear voices deep inside  
Now that I have fled from life  
Still I wonder why

I believe every word is true  
I still believe one day I'll get over you  
I see shadows on the wall  
Will you catch me when I fall  
I had so much to give  
I believe  
I believe  
I see shadows on the wall  
Will you catch me when I fall  
I had so much to give  
I believe

You and I searching for a place to grow  
Out of sight since you left me all alone

I believe, I still believe  
I see shadows on the wall  
Will you catch me when I fall  
I had so much to give  
I believe
