

Let Me Take Your Breath Away

4 Strings

I'll make your heart beat faster
I'll knock you from your feets
I'll bring my wii to up defences

I'll show you real emotion
Come give your soul to me
I'll take control of all your senses

Close your eyes
Slowly drift away
Come alive
And let me take your breath away

Close your eyes
Slowly drift away
Come alive
And let me take your breath away
