

# Love Is Blind

## 4 Strings

I gave you something to hold on, to turn to  
I gave you nothing but trust and a rescue  
I had to cure your restless mind  
And in return received nothing but lies  
'Cause love is blind

Give me a reason, here is mine  
All I know's that love is blind  
We are running out of time  
Well, I don't care 'cause love is blind  
Love is blind  
Love is blind

Love is blind  
Love is blind  
Love is blind

You didn't care who of you're kissing  
You spend your life at night on your mission  
There was a chance to make you mine  
But still I slip and slide 'cause love is blind

Give me a reason, here is mine  
All I know's that love is blind  
We are running out of time  
Well, I don't care 'cause love is blind  
Love is blind  
Love is blind

Give me a reason, here is mine  
All I know's that love is blind  
We are running out of time  
Well, I don't care 'cause love is blind
