

Reach Out

4 Strings

Hesitation crossed my mind
Too proud to leave 'cause I'd be blind
As I sense a little fire through your eyes
I won't step back put it behind

Reach out for you, reach out to hold on what we have
Reach out for you, wished that you'd stayed without regret

I had a dream the other night
Waited for you but it felt right
Why do I hold onto a play and never matched?
I must get out right of your sight

Reach out for you, reach out to hold on what we have
Reach out for you, wished that you'd stayed without regret

(Reach out for you)
(Reach out for you)

Reach out for you, reach out to hold on what we have
Reach out for you, wished that you'd stayed without regret

Reach out for you
Reach out for you
