

# Revelation

## 4 Strings

Can see the stars tonight  
Do you hear them calling  
Maybe the love into my life  
Like a brand new morning

This is how it's meant to be  
I just want you to believe  
All you need's already here in me

On and on and on it's a revelation  
On and on and on like a deep blue ocean  
Nothing to hide  
We gotta' share their simple life  
On and on and on, revelation

Can you feel the love tonight  
Do you share my vision,  
There's a party turn a light  
Like a new dimension

This is how it's meant to be  
I just want you to believe  
All you need's already here in me

It goes on and on and on  
It goes on and on and on  
On and on and on  
On and on and on it's a revelation  
On and on and on like a deep blue ocean  
Nothing to hide  
We gotta' share their simple life  
On and on and on, revelation  
This is my revelation  
This is my revelation  
This is my revelation  
This is my revelation
