

Revelation

4 Strings

Can see the stars tonight
Do you hear them calling
Maybe the love into my life
Like a brand new morning

This is how it's meant to be
I just want you to believe
All you need's already here in me

On and on and on it's a revelation
On and on and on like a deep blue ocean
Nothing to hide
We gotta' share their simple life
On and on and on, revelation

Can you feel the love tonight
Do you share my vision,
There's a party turn a light
Like a new dimension

This is how it's meant to be
I just want you to believe
All you need's already here in me

It goes on and on and on
It goes on and on and on
On and on and on
On and on and on it's a revelation
On and on and on like a deep blue ocean
Nothing to hide
We gotta' share their simple life
On and on and on, revelation
This is my revelation
This is my revelation
This is my revelation
This is my revelation
