

# Summer Sun

4 Strings

Far away from home  
The place where i belong  
When I close my eyes  
I start to realize  
Hold my breath  
Trying to forget  
Feeling so strong  
A new day has come  
(Summer sun)  
(Summer sun)

Summer sun, keep me warm  
Northern light  
Come and dry my eyes  
Summer sun

When I'm searching for belief  
Has to put myself at ease  
Every time I'm on the run  
Find me summer sun  
Find me summer sun  
Far away from home  
The place where i belong  
When I close my eyes  
I start to realize  
Hold my breath  
Trying to forget  
Feeling so strong  
A new day has come

Summer sun, keep me warm  
Northern right, come and dry my eyes  
Summer sun  
Summer sun  
Ooh oh  
Find me summer sun  
Ooh oh  
Summer sun
