

5 of a Kind

40 Below Summer

Lay down, sinking
let it go, let us begin
you can push me backwards
I won't serve your master
this is my decision, so brace yourself

Never satisfied, there's no compromise
the hell inside we live this
we wont be denied, we wont ever die
the ties that bind wont end this
never satisfied, never compromise
we will never compromise

On course, break through (we'll break through)
still alive (we're still alive)
so fuck you (so fuck you)
can you feel the pressure
is this pain or pleasure
this is my religion, so hear me now

Never satisfied, there's no compromise
the hell inside we live this
we wont be denied, we wont ever die
the ties that bind wont end this
never satisfied, never compromise
we will never compromise

There's nothing we wont conquer
there's nothing we wont conquer
there's nothing we wont break
there's nothing we wont conquer
there's nothing you can take away
there's nothing we wont conquer
there's nothing we cant take
there's nothing we wont conquer
there's nothing standing in the way

One, two, three, four
You can push me backwards
I wont serve your master
this is my decision, so brace yourself

Never satisfied, there's no compromise
the hell inside we live this
we wont be denied, we wont ever die
the ties that bind wont end this
never satisfied, there's no compromise
the hell inside we live this
never satisfied, never compromise
we will never compromise
