

Spill these lies all you ever want to do is
Fill these eyes With tears it's all you need to do to
Magnify Everything about you is to justify
To feel my pride
Ready to catch a fistful
Now I'm coming at ya like the crack of a pistol
Duck! Said ya run out of luck
Everything about you sez I don't give a fuck
You don't know what the pain does to me on my knees in a world
where
I can barely breathe
And did you think I'd let you get away
From just a piece of the pain that you left me with
Everyday
Spin your hate all I ever needed was to
Demonstrate You and all your fucked up rules
I cant relate Every time I try to leave
I cant escape I see your face
Ready to catch a fistful
Now I'm coming at ya like the crack of a pistol
Duck! Said ya run out of luck
Everything about you sez I don't give a fuck
You don't know what the pain does to me on my knees in a world
where
I can barely breathe
And did you think I'd let you get away
From just a piece of the pain that you left me with
Everyday
Taste this anger ripping you open
Impending danger something you lost
Can I have a moment of silence
And now your gone
Get off get off coming up behind you
Get off get off coming to remind you
Get off get off don't you test me
Get off get off get off get off [repeat]
