

We the People

40 Below Summer

We the people must JUMP!

It's all insane - for this - for shame
To walk inside this life - that's why
We the people must JUMP!

Come - take a stand
I don't believe in your lies
You can't ask me to change - what I am
Stand up and learn to divide

This time - this day - this part - this play
Too close - too tight - that's life - that's why
We the people must JUMP!
