(The money's still long, just livin lavish)
[VERSE 1: Richie Rich]
What is the meaning of lavish? Yo, I started with a single
My album's out, so now it's time for me to mingle
Well, 'lavish' to me is like mail, straight up
So all you hungry muthafuckas pick a plate up
Cause I'm about to feed you some dope shit
And I'ma sit and sit and sit until it's bit
I'm tired of the muthafuckin hype
About the black brothers gotta be a stereotype
You see, lavish is a one-way ticket
And on the back is boldly stamped: 'It's time to kick it'
Me, D-Loc, DJ Daryl and Young Tone
We put some shit together for the microphone
And it's lavish
(*DJ Daryl cuts up*)
(Takes money to survive)
[VERSE 2: Richie Rich]
What is the meaning of lavish? Yo, despite the perpendicular
Rap is my sport and on girls I'm real particular
Lovin the tour shot when the fellas get to bumpin hoes
City to city in the motels be pumpin those
I ain't sweatin that, that ain't lavish
Because back in the days we used to have this
Lavish to me is watchin girls all plex
Niggas get to trippin cause I work Rolex
I gives a fuck about a nigga and a punk-ass bitch
I'm with the 415, my name is Young Richie Rich
Just a fresh young brother, no preservatives added
And that's Double R's definition of lavish
(*DJ Daryl cuts up*)
(The money still love, still livin lavish)
(Takes money to survive)
[VERSE 3: Tone]
Rich, let me describe the motive of a player
But first I gotta relax my feet and smoke a tailor
Cause I'm about to spit it straight from the set
Give it to em all as lavish as lavish can get
First topic is monetary
Can you hand
