(The money's still long, just livin lavish)

[VERSE 1: Richie Rich]

What is the meaning of lavish? Yo, I started with a single

My album's out, so now it's time for me to mingle

Well, 'lavish' to me is like mail, straight up

So all you hungry muthafuckas pick a plate up

Cause I'm about to feed you some dope shit

And I'ma sit and sit and sit until it's bit

I'm tired of the muthafuckin hype

About the black brothers gotta be a stereotype

You see, lavish is a one-way ticket

And on the back is boldly stamped: 'It's time to kick it'

Me, D-Loc, DJ Daryl and Young Tone

We put some shit together for the microphone

And it's lavish

(*DJ Daryl cuts up*)

(Takes money to survive)

[VERSE 2: Richie Rich]

What is the meaning of lavish? Yo, despite the perpendicular

Rap is my sport and on girls I'm real particular

Lovin the tour shot when the fellas get to bumpin hoes

City to city in the motels be pumpin those

I ain't sweatin that, that ain't lavish

Because back in the days we used to have this

Lavish to me is watchin girls all plex

Niggas get to trippin cause I work Rolex

I gives a fuck about a nigga and a punk-ass bitch

I'm with the 415, my name is Young Richie Rich

Just a fresh young brother, no preservatives added

And that's Double R's definition of lavish

(*DJ Daryl cuts up*)

(The money still love, still livin lavish)

(Takes money to survive)

[VERSE 3: Tone]

Rich, let me describe the motive of a player

But first I gotta relax my feet and smoke a tailor

Cause I'm about to spit it straight from the set

Give it to em all as lavish as lavish can get

First topic is monetary

Can you hand
