

## Riboflavin

45 Grave

When the moon arises on the western sky  
And the vampires are out on the sly  
At times they have trouble finding necks to bite  
That's why I cook up in my roon tonight

My riboflavin flavored, non-carbonated, polyunsaturated blood  
(Her riboflavin flavored, non-  
carbonated, polyunsaturated blood)  
Drac came to me one night at 12  
And said the blood bank had no blood on the shelf

I exclaimed "don't fret!" I'll give you on fix  
Of my newly regenerated mix  
I gave him riboflavin flavored, non-  
carbonated, polyunsaturated blood  
(She gave him riboflavin flavored, non-  
carbonated, polyunsaturated  
Blood)

It gives you quick relief you see  
From fang aches and corpusle deficiency  
Natter! consuming my laboratory brew  
Will make a new vampire out of you

It's that quality unleaded, only one calorie, polyunsaturated b  
lood  
That riboflavin flavored, non-  
carbonated, polyunsaturated blood  
Drac enjoyed my brew without a hitch  
Now he's one of those that would rather fight than switch

If you're biting mre necks enjoying it less  
Try my new non-carbonated best  
My riboflavin flavored, non-carbonated, polyunsaturated blood  
(Her riboflavin flavored, non-  
carbonated, polyunsaturated blood)
