

Head Over Heels

4HIM

You said You wanted all of me
You said You'd love me faithfully
Oh how could I know all the while
You would never give up on a faithless child
I had defenses, built my walls
And I kept my distance 'till You called
And I didn't know at the time
You would never let go 'till I changed my mind
But now that I've seen Your light I want You to know

You've got me head over heels
I give all of my heart to You
Feelings I tried to conceal
Cannot help but come shinin' through
You've got me head over heels
All I want is to be with You
I never knew I could feel
So much love, I'm head over heels

I felt a touch of saving grace
And I've seen Your mercy,
I'm amazed
Oh how could a God so divine
Never, ever let go through the test of time
And now that You're livin' inside, I want You to know

You've got me head over heels
I give all of my heart to You
Feelings I tried to conceal
Cannot help but come shinin' through
You've got me head over heels
All I want is to be with You
I never knew I could feel
So much love, I'm head over heels

I'm head over heels
because of You

You've got me head over heels
I give all of my heart to You
Feelings I tried to conceal
Cannot help but come shinin' through
You've got me head over heels
All I want is to be with You
I never knew I could feel
So much love, I'm head over heels

You've got me head over heels
