

The Nature of Love

4HIM

Everybody wants to know for certain
That love will never leave them alone
And there are those who spend a lifetime searchin'
For a Juliet or Romeo
Well, I've discovered that one way or another
Love will find a way to your heart
It's never too far away or never too far apart

There's no mountain too high
There's no ocean too wide
It'll reach beyond the limits
That's the nature of Love
Through the measure of time
It'll go through the fire
It is endless that's the nature
That's the nature of Love

Some will say that it's too old fashioned
That love is just a thing of the past
But I believe that only true compassion remains
When nothing else will last
We can't deny when the Lord was crucified
He displayed the very meaning of love
You're never out of His reach
You're never too far out of touch
