

i sit here in my room all alone  
and keep starin' at a picture of us both.  
it's unbelievable til' now.  
i got that feeling that i loose all ma hope.  
it's been much too long since we last spoke.  
but i still can hear you speak to me about all your problems  
and how great life could be...  
if you just had more time, then everything would've been so fine.  
but there was only one way out to destroy all the stop-signs.

i turned on the radio that morning,  
but could not believe what my ears seemed to hear....  
but deep in my heart i knew that is was you who disappeared.  
you found a way outta your struggle, a way outta your trouble...  
and all your miseries got blown away.  
and if you hear me somehow... this is what i gotta say  
(this what i gotta say to you)

and i hope you're okay,  
wherever you may be,  
whatever you may do at this moment.  
and i hope you're okay,  
whatever you may see...  
you will always be missed by me.

it feels like yesterday,  
when i reminisce all the things we did.  
chasin' girls across the classroom, bakk when we were kids.  
last week i saw your mom at your funeral,  
she told you what she did that day.  
just like me, when i stand at the same place  
and think about what to say i can't wait til i see your face again,  
but until that day i have to hold on.  
stay strong til? i find the same way... the way you've gone.

and i hope you're okay,  
wherever you may be,  
whatever you may do at this moment.  
and i hope you're okay,  
whatever you may see...  
you will always be missed by me.

i cry!

and i hope you're okay,  
wherever you may be,  
whatever you may do at this moment.  
and i hope you're okay,  
whatever you may see...  
you will always be missed by me

i think about you every day.  
nothing is the same since you're away.  
rest in peace, sleep well my friend...  
there will be a day we'll meet again.
