

The Jumpoff

4Lyn

Tonight is gonna be pretty ugly
Tonight we're gonna push on through
You cranks better back up off me
And find something else to do
I can't deny the reason why
I'm not afraid to die

[CHORUS]

Blazin' in the dark
We're racing all alone
Tearing down these walls
Of hatred
On our own
This one is for my brothers and sisters
That kick the pedal to the floor
You better take your cover, mister
Cuz when it rains it pours

[CHORUS]

We are the diamonds in the dirt
Misunderstood and quite unheard
We leave your leadership behind
We'd rather drown than walk in line
