

## The Jumpoff

4Lyn

Tonight is gonna be pretty ugly  
Tonight we're gonna push on through  
You cranks better back up off me  
And find something else to do  
I can't deny the reason why  
I'm not afraid to die

[CHORUS]

Blazin' in the dark  
We're racing all alone  
Tearing down these walls  
Of hatred  
On our own  
This one is for my brothers and sisters  
That kick the pedal to the floor  
You better take your cover, mister  
Cuz when it rains it pours

[CHORUS]

We are the diamonds in the dirt  
Misunderstood and quite unheard  
We leave your leadership behind  
We'd rather drown than walk in line
