

Say My Name

4minute

Can't stop What you got
Can't stop Wha, What you got
Can't stop What you got
Can't stop Wha, What you got

Can't stop Can't stop What you got
Can't stop Can't stop What you got

Can't stop Can't stop What you got
Can't stop Can't stop What you got

Out of all the piercing eyes that are falling for me
You pretend not to but you want me too

You know that this isn't a joke
It's just today babe
Just can't stop fallin' in love oh
Don't hesitate and just do it up

Do you like it Do you like it Do you like it like Hey
Do you like it Do you like it Do you like it like Hey
Don't measure things out and just come to me tonight

When this night passes, we might never see each other - say my name
Get it up Get it up Get it up (hey hey)
Get it up Get it up Get it up (hey hey)
Feels like we're becoming one just like a dream - say my name
Get it up Get it up Get it up (hey hey)
Get it up Get it up Oh hold me, love tonight

Oh take my breath away and say my name
Can't stop Can't stop What you got
Can't stop Can't stop What you got

With your sweet lips, say my name
Don't care about the eyes around us and just come to me

Don't think of this too lightly,
You know that it's now or never babe
Just can't stop fallin' in love oh
Stop wasting time and hurry up

Do you like it Do you like it Do you like it like Hey
Do you like it Do you like it Do you like it like Hey
Have some courage and come to me more Hey boy

When this night passes, we might never see each other - say my name
Get it up Get it up Get it up (hey hey)
Get it up Get it up Get it up (hey hey)
Feels like we're becoming one just like a dream - say my name
Get it up Get it up Get it up (hey hey)
Get it up Get it up Oh hold me, love tonight

Oh take my breath away and say my name
Can't stop Can't stop What you got
Can't stop Can't stop What you got

Uh I will hide so you won't see me anywhere, so you'll go crazy over not seeing me
If today passes, if you don't hold onto me, you'll regret for a long time
My tangled up head will be bang bang bang bang
I'm getting dizzy because of you bang bang bang bang
Don't just talk but catch me,
Be a man and lead me

When this night passes, we might never see each other - say my name
Get it up Get it up Get it up (hey hey)
Get it up Get it up Get it up (hey hey)
Feels like we're becoming one just like a dream - say my name
Get it up Get it up Get it up (hey hey)
Get it up Get it up Oh hold me, love tonight

Oh take my breath away and say my name
Can't stop Can't stop What you got
Can't stop Can't stop What you got
