

# Better Man

## 5 Seconds of Summer

Find me at a quarter to three, cigarette in my hand  
I'd be at every party, I wouldn't miss a chance  
New friends again and again, gone when the morning comes  
Demons I try to defend, but I couldn't get enough

Fading away, fading away  
Wake up to someone with nothing to say  
I'd never change, thought I'd never change  
Then you come and change it all

With your love, your love, I'm a better, better man  
With your love, your love, I'm a better, better man  
Darling, all of my wrongs, they led me right to you  
Wrapped in your arms, I swear I'd die for  
Your love, your love, I'm a better, better man

Thought I'd found the highest of highs  
You came and topped them all  
You shine in the dead of the night  
And I was the first to fall

Fading away, fading away  
Wake up to someone with nothing to say  
I'd never change, thought I'd never change  
Then you come and change it all

With your love, your love, I'm a better, better man  
With your love, your love, I'm a better, better man  
Darling, all of my wrongs, they led me right to you  
Wrapped in your arms, I swear I'd die for  
Your love, your love, I'm a better, better man

You're the only one, who could lock this wild heart up in chains  
You're the only love, that can make this bad man better  
You're the only one, who could lock this wild heart up in chains  
You're the only love, that can make this bad man better

With your love, your love, I'm a better, better man  
With your love, your love, I'm a better, better man  
All of my wrongs, they lead me right to you  
Wrapped in your arms, I swear I'd die for  
Your love, your love, I'm a better, better man

With your love, your love, I'm a better, better man  
With your love, your love, I'm a better, better man  
Darling, all of my wrongs, they lead me right to you  
Wrapped in your arms, I swear I'd die for  
Your love, your love, I'm a better, better man

Your love, your love, your love  
I'm a better, better man  
Your love, your love, love, love  
I'm a better, better man
