

# If You Don't Know

5 Seconds of Summer

Tonight we're fading fast  
I just wanna make this last  
If I could say the things I want to say,  
I'd find a way too make you stay  
I'd never let you get away  
Get you in all the games we play

So go ahead rip my heart out,  
Show me what loves all about  
Go ahead rip my heart out  
That's what loves all about

I want you to want me to stay,  
And I need you to need me to stay  
If you say that you don't feel a thing  
If you don't know, let me go,  
Let me go, let me go, let me go  
If you don't know then just let me go

Let's forget the past  
I swear we'll make this last  
Cos' I remember the taste of your skin tonight  
And the way that you looked you had those eyes  
I remember the way I felt inside  
And the name of the songs that made you cry  
You would scream, we would fight, you would call me crazy  
And I would laugh, you were mad but you'd always kiss me  
In the shirt that I had that you always borrowed  
When I woke, it was gone  
There was no tomorrow

I want you to want me to stay,  
And I need you to need me to stay  
If you say that you don't feel a thing  
If you don't know, let me go,  
Let me go, let me go, let me go  
If you don't know then just let me go

Go ahead rip my heart out,  
If you think that's what loves all about  
Go ahead rip my heart out  
Go ahead rip my heart out  
Go ahead rip my heart out ,  
If you think that's what loves all about  
Go ahead rip my heart out  
Go ahead rip my heart out

I want you to want me to stay,  
And I need you to need me to stay  
If you say that you don't feel a thing  
If you don't know, let me go,  
Let me go, let me go, let me go  
If you don't know then just let me go
