Back in the high school we used to take it slow, red lipstick on and high heel stilettos.

Had a job downtown working the servo,
had me waiting in line couldn't even let go.

'Cause I never wanna be that guy, who doesn't even get a taste.

No more having to chase to win that prize.

You're just a little bit out of my limit, it's been two years now you haven't even seen the best of me. And In my mind now I've been over this a thousand times, but it's almost over.

Let's start over.

Back in high school, we used to make up plans.
Called you up one day to meet split ends.

'Cause I never wanna be that guy, who doesn't even get a taste.

No more having to chase to win that prize.

You're just a little bit out of my limit, it's been two years now you haven't even seen the best of me. And In my mind now I've been over this a thousand times, but it's almost over.

Let's start over.
