

Too Late

5 Seconds of Summer

Ever since the day that we met
I couldn't get you out of my head
There was always something about you
Every chance that I seem to get
Finds a way to end in regret
There was always something about you

Jealousy keeps containing me
In time you'll see
Just what we could be

But I'm always too late
I'm always too late
I see you but I always hesitate
'Cause I'm always too late
Don't wanna be too late
To have you by my side and I can't wait
'Cause never is too late

Every time I see you with him
I'm tearing down the walls in my head
I can't hold back any longer

Jealousy keeps containing me
In time you'll see
Just what we could be

But I'm always too late
I'm always too late
I see you but I always hesitate
'Cause I'm always too late
Don't wanna be too late
To have you by my side and I can't wait
'Cause never is too late

Wanted to tell you
What I feel inside
Don't wanna hurt you
I'll make you feel alright

Wanted to tell you
What I feel inside
Don't wanna hurt you
I'll make you feel alright

But I'm always too late
I'm always too late
I see you but I always hesitate
'Cause I'm always too late
Don't wanna be too late
To have you by my side and I can't wait

'Cause I'm always too late
(I'm always too late)
I'm always too late
(Waiting for you babe)
I see you but I always hesitate

'Cause I'm always too late
(I'm always too late)
Don't wanna be too late
(Waiting for you babe)
To see you by my side and I can't wait
'Cause never is too late
